INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Salem Health and Wellness Foundation, Inc.

I have audited the accompanying financial statements of Salem Health and Wellness Foundation, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about amounts and disclosures in the financial statements. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Salem Health and Wellness Foundation, Inc. as of December 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

SALEM HEALTH AND WELLNESS FOUNDATION, INC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE 1 NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Foundation was formed to receive the proceeds of the sale of Memorial Hospital of Salem County.

The Foundation's mission is to invest in sustainable initiatives that promote the overall health of Salem County, NJ residents. The Foundation's vision is to be a financial resource for organizations specializing in servicing the health needs that are deemed to be unmet or underserved.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Revenue Recognition

The foundation records contributions received as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Contributions that are restricted by the donor are reported as increase in unrestricted net assets if the restrictions expire in the year in which the contributions are received. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and promises become unconditional.

NOTE 11 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market. This level includes common stocks, corporate bonds or mutual funds based on the closing price reported in the active market where the securities are traded.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation, or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following schedule presents the balances of assets measured at fair value under the Fair Value Option as of December 31, 2014:

<u>Financial Assets at Fair Value as of December 31, 2014</u>				
	Level 1	Level 2	Level 3	Total
Cash, Time Deposits & Other				
Money Market Instruments	\$ 426,113			\$ 426,113

NOTE 12 PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2014, a grant that was awarded in a previous year was terminated or adjusted as follows:

Puerto Rican Action Committee

The grant that was awarded 2013 had a grant payable balance remaining in the amount of \$ 15,000. It was mutually agreed that this amount was not needed for the original grant purposes and would not be expended by the Puerto Rican Action Committee. Therefore, grants payable was reduced by \$ 15,000 and recorded as a prior period adjustment.

NOTE 13 SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at the date of the statement of financial position, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at the date of the statement of financial position but arose after that date (that is, non-recognized subsequent events).

The Foundation has evaluated subsequent events through April 14, 2015, which was the date that these financial statements were available for issuance, and determined that there were no significant non-recognized subsequent events through that date.
